Chatham County- Siler City Elementary School Support Plan

| Billoracy training continuesDecember 14th ESL teachers had their third training. SCE dual language teachers have attended each training. | Coverage for teachers to pay for substitutes, contract for guest speaker, catering \$15,000 for district for 12 sessions with ESL and DL staff. | Sign in sheets and materials from PD session. Walkthrough daria referencing the use of bridging, language supports in both Spanish and English. | Om-going throughout the 2015-2016 school year. | Ex. Director for Middle Crades and ESL Instruction will work with Assistant Superintendent and administration to identify teachers and coordinate dates and locations for training. | Billeracy training to both ESL teachers and dual language teachers delivered Karen Beeman from the Institute for Bilteracy. |
|---|---|---|---|---|---|
| This time has been addedsee link. Literacy component times may be found here: https://drive.google.com/drive/Li/Orldes/06/s2/avmBmhXs3/RTMFZI/VDriakE. A link to the grade-level schedules and master schedule may be found here: https://drive.google.com/drive/Li/O/Ioders/0ByS86z3YC1MDk0MHhr/T24yU1U | Costs to confive use of Distinct assessments | PIC minutes/notes, Student Costs to conflue use enrollment lists for I/E periods, District assessments student outcomes on various assessments | Data review after each testing window. Ongoing review of formative data weekly. | Principal will work with istaff to determine specific times, locations and enrollment. Principal will also work with curriculum coach and Classworks personnel to provide formative data Ex. Director and IpF will ensure principal has access to on-going data including district assessment data assessment data assessment data assessment data assessment data instruction and student groupings. | Master Schedule was adjusted to include an intervention/Enrichment blook as a part of the MTSS implementation process |
| Guided math training for all K-5 teachers took place in October 2015. Follow-up sessions based on teacher feedback occurred on December 9th. Additional sessions will follow in the spring. | Cost for substitutes, various by school. Aprox \$100 per teacher | Surveys, PD materials, attendance logs | On or before October 20 | Elem Director, Elem IPF, and coaches will deliver | Guided math training for all K-5 teachers |
| SCE had a team of 9 attend including the school's principal, curriculum coaches, and representatives from each grade-level. | \$299 per person, allowance of up to 8 per school | Attendance logs, evidence of PLC changes after visit | During the 2015 school year | Ast Superintendent will pay, Principal will register, and team will attend | PLC Training for Admin and leadership team of up to 7 people (if your school has not attended) |
| This is upcoming. | ASIS will cover cost of subs. Schools will cover cost of mileage | PTEC PD logs | 4/6/2015 | Ast, Superintendent will coordinate, Principal and team will attend | Attend Poverty Training at PTEC with Eric Jensen |
| A team did not attend from SCE | ASIS will cover cost of subs. Schools will cover cost of mileage | PTEC PD logs | 10/19/2015 | Ast Superintendent will coordinate, Principal and team will attend | Attend scheduling training at PTEC with Richard Dewey |
| Tearn attend the rigor training on Friday. Dec. 11, 2015. The next training will be in February. | \$6,000 total for the district to be provided by ASIS PD funds. \$2,000 for books for each participant. | Sign in sheets and materials from PD session. Walkthrough data increase in rigor questions | December 11, 2015 and February 12, 2016 | Ast. Superintendent will coordinate, Principal, Coach, AIG Specialist will attend | Attend Rigor training provided by Barbara Blackburn |
| Coaching staff and Admins met with staff and started with Rigor training and had teachers reviewed and rated their lesson plans, then used the wheel and other resources to make their plans more rigorous. This occurred at a faculty meeting in December. Rigor activities/training also occured at SCE's September faculty meeting. | \$5,000 for Rigor wheels for all staff provided by ASIS funds. | Collection of agenda and materials from PD offered. Evidence of ngor in walkthrough data | By December 1, 2015 | Ast. Superintendent will purchase, Principal, AP Coach will distribute and train | Provide each staff member with RIGOR wheels from Mentoring Minds. Provide training for staff on Rigor. |
| Admins and leadership team have created a walk-through tool to support our Non-Negotiables document, but also to gather boad information to define a focus for follow up walk-throughs. A link to the initial walk-through data may be found here: 11 through data may be found here: 11 through data may be found there: 12 and 13 and 14 and 15 and 15 and 16 and | None | The school waikthrough data should be reviewed with support plan point person during each meeting. | By November 15, 2015 | Principal, AP, Coach, ASIS point person should check for completion | Schools should create and begin using a school- level instructional walkthrough tool. |
| Admin and leadership team met and created a draft non-negotiables document. The document was vetted by the entire faculty as well and agreed upon. A link to the document may be found here: https://docs.google.com/document/du/1N5y/Tsiqs8D6IMA3aQQv8y_YelwifKTpMauX(TaMTXW0)edit | None | The school-level priorities should be uploaded in the support plan folder for the school. | By November 1, 2015 | Principal creates, ASIS staff will review, Ast, Superintendent will check for completion | Schools should create school-level instructional phonities/non-negotiables |
| Principals reviewed data after the BOY benchmark. A link to SCE's BOY data review and goals by grade- level may be found here: https://docs.google.com/spreadsheets/d/19FTLKsFPzSaPCY/3Ok73HkmTEoBXPA_auD9/F9T3_I4/edi#gid=0 | None | Any data analysis or materials should be uploaded to the support plan folder. | After each testing window. | Principal and ASIS Point Person. Can also involve coach and AP | Data Review meetings will occur after each major screening window. |
| CLittle and LSavage met on October 26, 2015 to discuss needs of the schools and the types of support necessary. | None | The support plan template will be completed with action items and a review of BOY data will occur. | On or before November 1, 2015 | Principal and ASIS Point Person. Can also involve coach and AP | Initial Meeting with Support Plan Point Person |
| | | | | | |

| Achieve 3000 Training for the school | Asst. Superintendent, Principal, Coaches | September 2015 and follow-up training October 2015 | Sign in sheets and online resource for teachers and students. Monitoring of lesson plans. | \$30,000 for all DL schools and all DL students | SCE teachers grades 2-5 have been trained and are using Achieve 3000. After initial training, Achieve 3000 after initial training, Achieve 3000 after initial training, Achieve our teachers that at least 2 articles per week will be read by students (in Spanish in grades dual language designorms and in English in traditional descriptions. |
|---|--|---|---|--|--|
| Orton-Gillingham Advanced training for 3-5 grade teachers | Elem Director will coordinate, principal will ensure teachers attend. | by spring 2016 | Attendance logs, training materials, student data | \$850 per teacher | This is opport fight 22.25. SOFE will be sention about 24.2 in the sention at 2.2 in the |
| Ongoing support and direction with the implementation of MTSS for Academics and Behavior through PLC support | Student Services Director, MTSS IPF, administration, coaches | Monthly PLC meetings | Monthly feedback notes | Cost of subs for training sessions if needed | At this time there has been one district training on behavior support. In addition the MTSS district team completed a training at the SCE December faculty meeting. |
| LitearcyTA reading and writing support | Exectutive Director, IPF, Coaches | October 12, 2015 review training; monthly LiteracyTA support for coaches (online) | sign in sheets from training and follow-up through coach meetings (monthly) | \$2000/school | Ongoing monthly support LiteracyTA sessions are available for all coaches to support their teachers. |
| iPF support in reading and math (BZahm.4th, CRoa-4th, EArrends-1st, JWalker-1st, SSupple-K) | Executive Director, Principal, IPF K-5, Coach | Early November meeting IPF no with ED, IPF and Principal admin | IPF notes/follow-up with | NiA | |
| PLC coaching and intervention walkthroughs | MTSS Istructional Program facilitator will coach PLCs and do On-going throughout the Intervention walkthroughs, 2015-2016 school year. | | Anecdotal notes from PLCs and walkthroughs and Google Document for PLC minutes | None | |
| The district will provide ongoing support for Beginning Teachers. This will include classroom observations, walkfithroughs, video feedback, visits to master teacher classrooms and principal and BT HR Ast. Superintendent, Champion follow up on a regular basis. Principal, BT Champion | | Ongoing from January- April | Mentor BT logs, video footage, mentor notes, etc. | Will varry by BT champion. District wil pay hourly rate for the BT champions for each school. | |
| Progress Monitoring within regular classroom instruction PD | Claudia Lanier, DPI RTA Literacy Consultant | Dec 8th meeting; follow-up on February 9 after Principal meeting on the 3rd | | no cost | Dec. BClaudia met with VCE and SCE regarding progress monitoring with fidelityhow to progress monitoring during instruction |

| | CRITERIA | 4 | Does Not Meet the Criteria | Meets the Criteria | Exce | Exceeds the Criteria | Feedba | Feedback Notes | |
| | 1. Student, teacher, and | r, and | No demographic information about students, teachers, and | Includes demographic | | Includes demographic information about students, | The submitted plan includes a mission and vision statement. Additional, the plan includes demographic data about students, teachers and the community. Although the plan includes execution demographic information and states the | nd vision statements, teachers and t | nt. Additional, the plan he community. |

| CRITERIA | Does Not Meet the Criteria | Meets the Criteria | Exceeds the Criteria | Feedback Notes |
|---|--|---|---|--|
| 1. Student, teacher, and community demographics are included. | No demographic information about students, teachers, and the community are included or data is minimal. | Includes demographic information about students, teachers, and the community. | Includes demographic information about students, teachers, and the community, and changes over time are described and analyzed. | The submitted plan includes a mission and vision statement. Additional, the plan includes demographic data about students, teachers and the community. Although the plan includes specific demographic information and states the demographic data has remained stable, consider including a 3 year analysis of the demographic data to show specific changes over time. |
| 2. Current data on student achievement are included. | No student achievement data is included or data is limited or outdated. | Includes current data on student performance on state and local assessments for the past three years. | Includes data on student performance on state and local assessments for the past three to five years with an analysis of student subgroup performance for trends. | The plan includes an analysis of current EOG and the percentage of students meeting grade level proficiency (GLP) and College-and-Career Ready (CCR) standards. Other data analysis sources include AMO targets, EVAAS growth data and AIMSweb components. The plan further states that an area of focus for the school is increasing fluency in the areas of reading and math. To strengthen the plan, consider doing a deeper analysis of 3 years of data by grade levels and subgroups, if available. This analysis might be helpful in identifying trends over time and school improvement needs. |
| 3. Student behavior data is included. | No student behavior data are included or student behavior data are limited to attendance, dropout/ promotion, or discipline. | Attendance, dropout/promotion, and discipline data are included and an analysis with conclusions is provided. | Attendance, dropout/ promotion, and discipline data are included with an analysis of student subgroup performance. | The plan includes in-school and out-of-school suspension data for the 2014-15 school year. However, no data regarding the offenses causing the suspensions was included. The plan has as a goal (Goal 2) to reduce suspensions by 20%. As a strategy, the plan states that the Leader In Me (LIM) model will be used school-wide. To strengthen the plan, consider doing an analysis of suspension data by grade levels and subgroups to identify patterns. Additionally, consider analyzing attendance data to see if there is a correlation between behavior and attendance. Questions to consider: By adding attendance data and analyzing suspension data by grade levels and subgroups, would the goal and action steps identified be appropriate? Would new goals or action steps be needed? Are there patterns of suspensions for particular grade levels or subgroups? |
| 4. Goals are Specific, Measurable, Attainable, Realistic, and Time-Bound (SMART). | Goals either are missing or appear to be random and/or unspecific. | Goals are SMART – they realistically and strategically support improvement needs and project a reasonable date of attainment. | Goals are SMART and strategically support improvement needs, project a reasonable date of attainment, and demonstrate that data are used as the basis for | Goals 1 and 2 have components of SMART (specific, measurable, attainable, realistic, and time-bound); however, with one year of data, it is difficult to determine if the identified goals are attainable and realistic. Additionally, Goal 3 is not written as SMART. Questions to consider: Would a 3 year data analysis enhance your goals and aid in writing SMART goals? Would performance targets change as a result of this analysis? |

| | 8. Action Steps provide a logical path to goal attainment by addressing identified needs. | 7. Research-based strategies are evaluated for effectiveness. | 6. Research-based strategies have been identified based on needs. | 5. The vision of improvement is reflected in goals that are focused, data-based, tracked for progress, and understood by the community. | | CRITERIA |
| | Action Steps are not clearly described, do not clearly address data-driven needs or are not aligned to the goal. | Strategies have been implemented and there is no evidence of monitoring for effectiveness. | Strategies are not directly aligned with needs and do not reference research-based models. | Goals are not aligned to the vision of improvement or are not informed by a data-driven needs assessment or by ongoing data gathering and analysis. | | Does Not Meet the Criteria |
| | Action steps are clearly described, clearly address data-driven needs, and are aligned with the goal. | Strategies have been implemented and there is evidence of monitoring of effectiveness. | Strategies are aligned with needs. | Goals are connected to the data gathering and analysis and are aligned with the vision of school improvement. | | Meets the Criteria |
| | Action Steps are clearly described, address data-driven needs and include effective practices and a rationale describing how the activities support the attainment of the goal. | Research-based strategies have been implemented and there is evidence of ongoing monitoring for effectiveness. | Research-based strategies are directly aligned with needs. | Goals are informed by a comprehensive, data-driven needs assessment and ongoing data gathering and analysis that improve teacher practice across classrooms and increase student achievement. | establishing and evaluating the improvement target(s). | Exceeds the Criteria |
| and its impact on statement admirestinging only expenses braceson. | The action steps are described and support strategies. Additionally, action steps include teacher professional development, reducing class size, goal setting for students and completion dates for some activities. Although action steps support the identified strategies, goals and strategies are not clearly aligned. Consider the following questions: How could you better align goals, strategies and action steps? How will you evaluate the effectiveness of each action step and its impact on student achievement and teacher practice? | The plan includes a variety of strategies and action steps. The submitted plan follows the Plan-Do-Check-Act (PDCA) format. In the "Check" section of the plan, time has been devoted to reviewing artifacts and data collection. Question to consider: Once data is collected, how will it be used to determine the effectiveness of strategies and action steps? | The plan includes a variety of strategies; however, it is unclear if strategies listed are research-based. Question to consider: How would a 3 year analysis of data better align goals and strategies to student needs? | The plan identifies 3 goals with strategies, strategy targets and action steps. Although goals and strategies are listed, all strategies are not clearly aligned to identified goals. For example, Goal 1 states that by Spring 2016, the EVAAS growth score will be greater than 2.0. Additionally, strategies 1 and 2 under this goal highlight increasing reading and math fluency. To explain further, Goal 3 sets the target of meeting 80% of fluency goals by EOY assessments using the DuFour model of PLC. Questions to ponder: How will increasing reading and math fluency increase the EVAAS growth score to greater than 2.0? How will following the DuFour model of PLC meet 80% of fluency goals in reading and math? Would a 3 year data analysis by subgroup change your goals, strategies and action steps? | | Feedback Notes |

School Vision and Mission Statements for Siler City Elementary School

Vision:

At SCE, we grow by celebrating our culture and becoming leaders to improve ourselves and our community.

Misson:

We will: develop positive, caring relationships among all stakeholders; embrace the Leader in Me philosophy; establish a nurturing, engaging, collaborative learning community; foster cultural responsiveness; and, provide a rigorous and relevant curriculum.

Executive Summary for Siler City Elementary School

Based your answers from the School Data and Summary Analysis please provide a brief (no more than 2 paragraphs) summary of your school's achievements and highlights last year as well as the areas for growth that you plan to focus on this up-coming school year. This could include special events, unique awards, or student/staff accomplishments not necessarily mentioned in last year's school improvement plan.

Siler City is a medium size North Carolina town located in Chatham County with a population of approximately 8,273 (see U.S. Census Bureau statistics). Siler City's demographic breakdown is 49.8% Hispanic/Latino, 29.2% White, and 19.1% African American. Siler City's household income falls below the North Carolina average. Over time, Siler City's population has become increasingly diverse, with overall wealth declining due to job loss.

Siler City Elementary School (SCE) had 693 students at the end of the 2014/15 school year with 88 Exceptional students (13% of total student population), 256 LEP students (37% of total student population), 73 Academically and Intellectually Gifted (AIG) students (11% of the total population), and 624 students eligible for free and reduced lunch (83% of the total student population). SCE's student population is 14% African American, 68% Hispanic/Latino, 21% White, 4% multiracial, and less than 1% Asian. Over time, SCE's demographic data has remained relatively stable while the percentage of free and reduced lunch students has fallen slightly.

SCE has approximately 56 certified staff with 95% being female and 5% male. 73% of SCE's teachers are White, 21% Hispanic/Latino, and 4% are African American.

SCE's 2014/15 EOG data demonstrate that our school continues to score below the State and our District. In 3rd grade 34.5% of students were 'college and career ready' (CCR) in reading and 47.1% were grade-level proficient (GLP) in reading. In 4th grade, scores were 42.2 (CCR) and 48.3 (GLP) in reading. In 5th grade, scores were 29.3 (CCR) and 48.9 (GLP) in reading. In 3rd grade, math scores were 34.5 (CCR) and 44.5 (GLP). In 4th grade, math scores were 38.8 (CCR) and 44.8 (GLP). In 5th grade, math scores were 38.0 (CCR) and 42.4 (GLP). Science scores for 5th graders were 39.1 (CCR) and 47.8 (GLP). Overall, these scores were relatively stable when compared to 2013/14 EOG data. SCE staff met expected growth as measured by EVAAS for the 2014/15 school year. Disaggregating the EVAAS data by reading and math shows that SCE did not meet expected growth in the area of math, and exceeded expected growth in reading. SCE's Limited English proficient (LEP) students exited at a rate of 25%. SCE met 3 of its 8 Annual Measurable Objectives (AMO) in the area of reading (we met in the areas of African American, White, and LEP and missed in the areas of All, Hispanic, Economically Disadvantaged Students [EDS], Students with Disabilities [SWD] and AlG). In the area of math, we met 2 of 8 AMOs (we met in the areas of White and LEP and missed in the All, EDS, AlG, ED, African American, and Hispanic areas). In science, we met 1 of 3 goals (we met with Hispanic students and missed in the All and EDS categories). Taken together, large gaps between subgroups are evident in our data.

A review of End of Year (EOY) and Beginning of Year (BOY) data at SCE reveals the need to target fluency in the areas of reading and math so that students are better prepared to access the common core standards. At the kindergarten level for the 2015/16 BOY data, 34% of SCE's students scored proficient in AIMSweb first sound fluency (FSF), 43% were proficient in AIMSweb oral counting measures (OCM), 57% were proficient in the number identification measure (NIM), and 53% were proficient in quantity discrimination measures (QDM). At the first grade level, 35% of SCE students scored proficient in AIMSweb NWF, 62% were proficient in AIMSweb OCM, 58% were proficient in NIM, 66% were proficient in QDM, and 67% were proficient in missing number measurement (MNM). In second grade, 31% of students were proficient on the AIMSweb math computations (M-COMP), 53% were proficient (55 words per minute) on the DIEBELS Oral Reading Fluency (DORF), and 64% of students were proficient overall on the DORF with 84% accuracy. In third grade, 11% of students were proficient in math as measured by Scholastic Math Inventory (SMI) and 62% were proficient as measured by the DORF (Fluency) with an average of 78 WPM. In fourth grade, 10% of students were proficient in math as measured by SMI and 55% were proficient as measured by the DORF (Fluency) with an average of 84 WPM. In fifth grade, 24% of students were proficient in math as measured by SMI and 55% were proficient as measured by the DORF (Fluency) with an average of 115 WPM.

Student behavior data from 2014/15 included 203 total office referrals (174 from school and 30 from school buses), 33 out-of-school suspensions (OSS) for a total of 56.7 days, and 45 in-school suspensions (ISS) for a total of 52.7 days. 18 students accounted for 68% of all office referrals reported in PowerSchools, 39.7 days of the OSSs (70%), and 34.25 of the ISSs (65%).

As demonstrated by the data above, academic achievement, especially in the area of reading and math fluency, along with student behavior continues to be a concern at SCE. Because of this, SCE will focus on improving students' fluency in the areas of reading and math, continue to implement the Leader in Me philosophy to tap into and grow out students' internal motivation, and work to improve curriculum planning/alignment and the use of data to inform instruction by focusing on our Professional Learning Teams school-wide.

Priority Goal #1 and Associated Strategies for Silex City Elementary School

Area of Improvement and Supporting Data:

This is also where you would write the current level of performance for this area or target is. This is where a school would briefly describe the focus for this goal. Example might be "student attendance", "parent involvement", "reading comprehension across content" etc.

Improve students' academic growth in reading and math.

| BOY, MOY, EOY Reading 3-D, AIMSweb, and SMI data | essment | By May 2016, 75% of kindergarten students will demonstrate proficiency on Aimsweb measures (OCM, NIM, QDM, MNM) By Middle of Year (MOY), the average score of mClass First Sound Fluency (FSF) for all kindergarten students will increase from 7 to 32 (a goal of 25 growth points for each student) By End of Year (EOY), 50% of first grade students will be proficient in oral counting, number identification, quantity discrimination, and missing number By EOY, the average score across 1st Grade will increase from 27 to 63 as measured by Nonsense Word Fluency (NWF)-CLS By EOY, students in the 2nd grade will grow an average of 30 points on the AIMSweb M-CAP measure By EOY, the average words per minute read for students in second grade will be 97 with 91% accuracy as measured by DORF Fluency and Accuracy By EOY, 40% of third graders will be proficient as measured by SMI By EOY, third grade students will grow an average of 40 wpm as measured by the DORF fluency measure By EOY, 40% of SCE fourth graders will be proficient or higher in math as measured by the SMI assessment By EOY, students in 4th will grow an average of 31 WPM on the DORF fluency measure By EOY, at least 55% of students in 5th grade will be on grade level in math as measured by SMI By EOY, the average growth of students in 5th grade will be 25 words per minute based on the DORF measure | |

| Strategy #1: |
|---|
| : We will target reading fluency in grades K-5 to improve students' foundational skills |
| |

| , | | 1 | ı — | ···· | | | | | Ι' |
|--|---|--|---|---|---|--|---|---|--------------|
| 9 | 8 | 7 | 6 | ъ | 4 | ω | 2 | 1 | |
| Classroom size will be reduced to improve teachers' abilities to support students' fluency development | A supplemental reading specialist and instructional coach will help support reading fluency | Students will set individual ELA fluency goals for themselves as documented in their leadership notebooks and grade-levels will set grade-level goals. The goals will be tracked by classroom teachers | Students will be progressed monitored using the appropriate indicators to monitor fluency focus areas | With the help of our supplemental parent outreach support person, activities will be developed to be sent home that will allow parents to practice fluency skills with their children | Teachers in grades 3-5 will be trained to use Recipe for Reading with training to be completed by May, 2016 | Teachers in grades K-2 will be trained to use Recipe for Reading with training to be completed by December, 2015. Teachers in Traditional and English World classrooms will be expected to use Recipe for Reading 30 minutes daily | An average of 5 minutes a day per week of fluency practice will take place during intervention time (Plus Time) | Fluency practice will be an explicit part of ELA instruction daily including utilizing timed passages | Action Steps |

Strategy #2: We will target math fluency and increase students' exposure to math word-problems in grades K-5 to improve students' educational outcomes

Strategy #3: We will select and train on 3 high-impact instructional priorities

| 4 | 3 | 2 | 'n | | |
|--|---|---|---|--------------|--|
| 4 Our supplemental instructional coach positions will model these strategies for staff with each new teacher at least 1 time per month | We will train teachers on these strategies: students using language in every classroom (Spanish in Spanish World) and practicing accountable talk daily (common core speaking objectives); objectives posted in kid friendly language and read to the class in all content areas (including a common core speaking objective); maintaining accountability in small group work by focusing on student writing to explain understanding (accountability writing). We will monitor implementation through administration walk-throughs | We will consult with our CCS District Instructional Priorities document | We will consult with an expert in dual language (Ms. Karen Beeman) to identify the highest impact instructional strategies needed to successfully differentiate instruction | Action Steps | |

Strategy #4:

| Action Steps |
|--------------|
| |

How will we fund these strategies?

| Funding Source | Amount |
|-----------------------|------------|
| School General Funds | \$0.00 |
| Federal Funds Title I | 168,770.00 |
| Local District Funds | |
| | |

| T | Implementation | Assigned Grade Level PLCs/Administration/Curriculum (| |
|---|----------------|---|--|
| | | Grade Level PLCs/Administration/Curriculum Coaches/Professional Development and Parent Outreach Teams | |
| | | | |

What data will be used to determine whether the strategies were deployed with fidelity?

Ged .

School improvement Plan Formal and informal observations by administration / teacher lesson plans / staff development log and agendas/data boards posted around the school building 7 of 17 .

10/29/15

How will you determine whether the strategies led to progress toward the goal? (Include formative, benchmark, and summative data as appropriate.)

Reading 3-D, SMI, AIMSweb, EOG, and EVAAS data

Act

What do data show regarding the results of the implemented strategies?

the date. (Ex. June 1, 2013: As of this point SMI data indicates....) This is where updates would be written based on district up-date requirements and/or those the school identified in previous sections. Each entry could simply be started with

Based upon identified results, are any changes to current strategies anticipated?

This is where any revisions or changes in strategies would be noted. Each entry could simply be started with the date. (Ex. June 1, 2013: As of this point SMI data indicates....)

Priority Goal #2 and Associated Strategies for Siler City Elementary School

Area of Improvement and Supporting Data:

This is where a school would briefly describe the focus for this goal. Example might be "student attendance", "parent involvement", "reading comprehension across content" etc. This is also where you would write the current level of performance for this area or target is.

Improve student behavior to maximize instructional time engaged in core curriculum for SCE students

| | Relevant CCS Goal | Relevant Objective |
|------------------------------|--|--------------------|
| Supports this District Goal: | CCS Students Will Be Healthy and Responsible | Objective 3 |

| Target: | 20% less in-school and out-of-school behavior in 2015/16 when compared to 2014/15 |
|-----------------|---|
| Indicator: | Referral data |
| Milestone Date: | Milestone Date: We will evaluate referral numbers at the end of each quarter |

Strategy #1: Implement the Leader in Me model school-wide

| | Action Steps |
|---|---|
| ъ | Partner with Virginia Cross elementary school to ensure all staff are trained in the LIM philosophy |
| 2 | We will review teacher lists to verify everyone at SCE has received training |
| 3 | By the first three weeks of school, classroom teachers will have created leadership notebooks and will have reviewed the 7 habits |
| 4 | Students will keep a data notebook with academic and behavioral goals and track goals weekly |
| 5 | A walk-through tool will be developed by the Lighthouse Team to monitor implementation. Data will be reviewed quarterly |
| 6 | During the month of October, LIM leadership notebooks and the teaching of the LIM framework will take place during recess time on days when those classes have PE |
| 7 | Using Title 1 supplemental funds, hire a LIM coach to help support LIM implementation |

| Strategy #2: | |
|---|--|
| In conjunction with SCE's Leadership Team, SCE's MTSS team will develop a behavior plan school-wide | |

| | Action Steps |
|---|--|
| Ľ | As a staff, we will define 'minor' and 'major' behavior and consequences for actions |
| 2 | We will agree on a common behavior framework and common language that will be used school-wide |
| ω | We will set classroom, grade-level, and school behavior goals and have quarterly (starting at the end of the second quarter) and end of year celebrations related to meeting goals |
| 4 | We will train staff on the behavior plan |
| 5 | Use of Title 1 funds to Track behavior using SWISS to establish a baseline |
| 6 | Train staff on entering data into SWISS |
| 7 | Classroom sizes will be reduced to help teachers better meet the needs of individual students |
| ∞ | We will hire a supplemental instructional assistant to support the behavior plan |

| 7. Additional professional development surrounding PLCs will be offered as identified needs arise in 2015/16. |
| 6. Lesson plans will be submitted weekly and stored in grade-level folders found on Google Drive starting the second week in October. |

INSERT SCHOOL LETTERHEAD HERE

October 30, 2015

Dear Parent/Guardian:

During the 2015 Legislative Session, the General Assembly made some changes to the definition of a "Low Performing School." G.S. 115C-105.37 (which was passed on October 1, 2015) states: "The State Board of Education shall design and implement a procedure to identify low-performing schools on an annual basis. Low-performing schools are those that receive a school performance grade of D or F and a school growth score of "met expected growth" or "not met expected growth" as defined by G.S. 115C-83.15." Subsequently, 583 traditional public and charter schools statewide have been designated as low performing.

Our school received a school performance grade of "D" and a growth status of "Met Expected Growth" and has therefore been labeled as low performing under the new definition. It is important to note, however, that of the 583 schools that were designated as low performing, only about 50% met expected growth. Our school is in that top 50% and is working towards moving to the next level. The performance grade does not take into account all the wonderful things taking place at our school each and every day that can not be captured in a test score or number.

The school performance grades are based on two factors: student growth 20% and student proficiency 80%. For student achievement, the indicators and the proficiency standard or benchmark used for achievement in grades 3-8 include:

- Annual EOG mathematics (Level III and above)
- Reading EOG assessments (Level III and above)
- EOG 5th and 8th Grades Science (Level III and above)

We have worked with the district leadership to develop an improvement plan and will now do the following:

- Present the plan to the Chatham County Board of Education on November 9, 2015 at 5pm (Central Services Building in Pittsboro);
- Once authorized by the Board of Education, we will send the plan to the State Board of Education for review;
- The North Carolina Department of Public Instruction's (NCDPI) School Transformation Division will also review each plan and provide feedback;
- Following feedback from the State, our local Board of Education will give final approval to the plan; and
- The final plan for improvement will be posted on our district's website www.chatham.k12.nc.us as well as the NCDPI's website www.ncpublicschools.org.

Our school is focused on continuous improvement, and I look forward to working with each of you as we continue working to provide the best education possible for all of our students. Please do not hesitate to contact me with any specific questions you might have.

| Sincerely, |
|------------|

Octubre 30, 2015

Estimados Padres y Guardianes:

En la Sesión legislativa de 2015, La Asamblea general del Estado señaló unos cambios decisivos referentes al significado de "Escuelas de bajo rendimiento". E.g. 115C-105.37 (que fue aprobado el 1 de octubre de 2015). "La Mesa directiva estatal de educación diseñará e implementará un proceso para identificar anualmente las escuelas designadas como "escuelas de bajo rendimiento". Las escuelas de bajo rendimiento son aquellas escuelas que han recibido una calificación de "D" (insuficiente) o "F" (reprobatoria) en su rendimiento escolar. Además recibieron una de dos posibles designaciones en la categoría de "Cumplir con el Crecimiento Académico Esperado" o al contrario, "Incumplimiento del Crecimiento Académico Esperado", definido en el E.G. 115C-83.15. Por consiguiente, 583 escuelas oficiales y escuelas *chárter* han sido designadas como "escuelas de bajo rendimiento".

Nuestra escuela ha recibido una calificación de "D" y una designación de crecimiento en la categoría de "Cumplir con el Crecimiento Académico Esperado" y por lo tanto se ha catalogado como escuela de bajo rendimiento bajo la nueva definición. Sin embargo, es importante tener en cuenta que de las 583 escuelas que fueron designadas con bajo rendimiento , solamente el 50% lograron una mejoría en el aprendizaje esperado. Nuestra escuela se encuentra en los primeros lugares del 50% y continuamos trabajando para pasar al siguiente nivel. La calificación de rendimiento académico no toma en consideración todas las cosas maravillosas que ocurren todos los días en nuestra escuela y que no se pueden capturar en una calificación de prueba numérica

Las calificaciones del rendimiento escolar están basados en dos factores: 20% en el Crecimiento del estudiante y 80% en el dominio y aprendizaje del estudiante.

Con el fin de indicar el logro estudiantil y el nivel de competencia o puntos de referencia de los estudiantes en los grados 3-8 se incluye lo siguiente:

- Examen anual de Matemáticas de Fin de Grado (Nivel III y superior)
- Examen de Lectura de Fin de Grado (Nivel III y superior)
- Examen de Ciencias de Fin de Grado para 5to y 8vo grado (Nivel III y superior)

Estamos trabajando junto con el equipo directivo de liderazgo del distrito escolar para desarrollar un plan de mejoramiento que nos ayude hacer lo siguiente:

- Presentar el plan a la Mesa Directiva de Educación del Condado Chatham el 9 de Noviembre 2015 a las 5pm en la Oficina Central de las Escuelas del Condado de Chatham ubicada en Pittsboro;
- Una vez autorizado por la Mesa directiva de Educación, enviaremos el plan a la Mesa Directiva Estatal de Educación para que sea revisado;
- El Departamento de Instrucción Pública de Carolina del Norte (NCDPI) junto a la Directiva de Transformación Escolar revisará cada plan y proporcionará información con retroalimentación;
- Después de revisar la retroalimentación del Estado, la Mesa Directiva local dará la aprobación definitiva del plan; y
- El plan definitivo para el mejoramiento sera publicado en la pagina web: www.chatham.k12.nc.us como tambien en la pagaina web del estado NCDPI www.ncpublicschools.org.

Nuestra escuela está enfocada en el mejoramiento continuo, y espero con interés trabajar con cada uno de ustedes a medida que seguimos trabajando para ofrecer la mejor educación posible para todos nuestros estudiantes. Por favor no dude en comunicarse conmigo por cualquier pregunta que pueda tener.

Sinceramente,
[Name]
Principal, [School's name]

COUNTY SCHOOLS

2015-2016 SCHOOL SUPPORT PLANS PROPOSAL

PUPPOSE: The purpose of the support plan process and meeting is to ensure that our schools and support staff are aware of current legislative requirements around low-performing schools and to increase the overall performance of schools who are designated as low performing, focus/priority schools, and schools not meeting growth.

2014-2015 SUPPORT PLAN DATA REVIEW: (HOW DID OUR SUPPORT SCHOOLS DO LAST YEAR?)

- 37.5% of support plan schools exceeded growth. NCE, JMHS, Bonlee
- 50% of support plan schools met growth. SAGE, SCE, VCE, CMS
- 12.5 % of support plan schools did not meet growth. Horton

WHAT WE KNOW AT THIS TIME ABOUT REQUIREMENTS: (SUBJECT TO CHANGE)

- Low Performing Schools- The State Board is requiring plans for all schools designated as low-performing. (D or F overall rating and a school growth score of "met expected growth" or "not met expected growth")-115C-105.37 Session Law 2015-241. CCS will have 3 schools in this category.
 - o Within 30 days of designation, a plan for improvement must be submitted to the local board. (Oct 30)
 - o Within 30 days of the receipt of this plan, the local board will vote to approve, modify, or reject the plan. (Nov 29)
 - o The plan must be made public to the parents and staff of the school before the board votes on the plan. (Oct 31-Nov 8)
 - o The local board must submit the approved plans to the state board within 5 days of the approval. (Nov 14th)
 - o The local board must make the approved plan available on the LEA website. (ASIS will post and submit all plans)
 - o The state board will make the plans available on the DPI website.
 - Parental notice is required to be given within 30 days of designation. (Oct 30th). Must include the following:
 - statement that the school has been designated as low performing including the legal reference.
 - the school grade received
 - information about the plan and where it can be located
 - The meeting date the plan will be discussed by the board.
- ESEA Flexibility- Focus and Priority Schools will be designated. This year will be a planning year. Actions will not take place until after January 2016 for any state requirements. There are 2 categories of schools, focus & priority schools. CCS has 3 schools in this category.
 - o Code E- Tier I or Tier II SIG school implementing a school intervention model
 - Code F- Has largest gaps within school between highest performing students and lowest performing students
 - o Code G- Has a subgroup with low achievement or if high school low graduation rate
 - o Code I- Was a previous priority school and was unable to meet exit criteria
 - o Code J- Was a previous focus school and was unable to meet exit criteria
 - o Indistar- We are being told that focus and priority schools will use the <u>Indistar rubri</u>c this year.
- Schools not meeting growth-do not have any state level requirements, but will have a local support plan due by November 15th. CCS has 3 schools in this category. Your plan will not go to the Board of Education but will be given to ASIS and SLT for review.

2015-2016 SCHOOL DESIGNATIONS:

- Schools not meeting growth: PES, PHE, HMS- will have a local support plan due by November 15th
- Schools with an overall D Grade (Designation of Low Performing): SCE, VCE, CMS- will have to submit SIP plans to the state and will have a local support plan due by Oct 29th. The Board of Education will need to vote on these updated SIP and support plans and the plans must be uploaded to the state site within 5 days of approval. Parent notification must occur by the 30th.
- Schools with Title I focus or priority status: Will have to follow any ESEA guidance in January and will have a local support plan due by the 29th that will be shared with ASIS, SLT, and the Board of Education.
 - o NCE- Focus code F
 - o CMS- Focus code G/J
 - SAGE- Priority code E/I

• 8 schools total will have a local support plan. 3 schools will have ESEA support. 3 schools will be required to complete the steps for low performing designation.

summary of overall plan requirements for 2015-2016:

- Use a similar template as last year to document the action steps the district and schools will take for improvement. https://docs.google.com/spreadsheets/d/1GGko-NEpRoAFUo3iecP9e4KL7Ls28CU1bJK5m lHedY/edit#gid=o
- All Support Plan files will be stored in the following <u>Support Plan folders</u> in Google. All meeting notes and BT support notes will be documented in this location.
- Conduct an initial meeting to review the plans and begin work- October 20th 12:00-2:00
- Assign each school a point person (Aiken: Horton and CMS, Little: VCE, SCE, Fowler/Reap-Klosty: NCE, PHE Hartness: PES Batten: SAGE)
- Schools would have instructional visits on a more regular basis
 - o Designated as Low-Performing- minimum of 3 visits
 - o Focus & Priority Schools-minimum of 2 visits
 - Did not Meet Growth Schools- 2 visits
- Presentation of the SIP & Support Plan to Dr. Jordan and SLT- more details to come soon
- Meetings after each major benchmarking window with support plan point person assigned. Min of 3 data reviews.
- HR strategies to support Beginning Teachers, EVAAS training, evaluation calibration training (detailed below)
- Instructional Priorities will be set for the district and for each school- completed
- District instructional walkthrough tool to be utilized during school visits
- Each school should have an instructional walkthrough tool-principals should be conducting walkthroughs weekly
- RIGOR wheels for all certified staff at every school from <u>Mentoring Minds</u>- completed
- Rigor PD with Barbara Blackburn on December 11, February 12 \$6,000 plus expenses
- Scheduling PD for principals and school teams with Richard Dewey on October 19- completed
- PLC teams to DuFour training if school has not sent a team before. (ASIS funding would pay for this) \$7,000 per school
- Poverty Training with Eric Jensen for principals and a team from each school
- Dual Language training with Karen Beeman at DL schools to assist with biliteracy teaching strategies
- Each school will create additional support plan items in conjunction with the support plan point person and the school leadership team using the <u>following template</u>

Human Resources Component:

Strategy #1

Description: Evaluation Calibration Training & Instructional Feedback Coaching w/ Cheryl Fuller (participants observe real-time lessons in designated schools and collaborate with Ms. Fuller and one another about rubric ratings and related instructional feedback).

Timeframe: 1-2 days (either whole days or a combination of half-days) dates TBD

Projected Cost: \$4,000 (\$2,000 per day)

Strategy #2

Description: EVAAS training with focus on using the data to improve instructional outcomes. We will explore the options for including assistant principals as well (ex. schedule morning training for APs and afternoon training for principals). After the initial training, at least one follow-up session will be scheduled for principals to share progress updates/ideas related to data implementation.

Timeframe: .5 days for training and 1-2 hours for follow-up session, dates TBD (January) **Projected Cost:** \$0

Strategy #3: Focused Support for Beginning Teachers

Description: A "BT Champion" will be assigned to each school to provide focused support for beginning teachers. Specific responsibilities for BT Champions will include but may not be limited to:

- Regular classroom observations/walkthroughs by BT Champion, followed by feedback/coaching sessions with the BTs (minimum of 1 per week for each BT)
- BT Champion/BT collaborative review of videotaped BT lesson to evaluate instructional considerations and identify follow-up actions (minimum of 2 sessions for each BT)
- BT Champion/BT collaborative observation of at least 2 master teachers, followed by sessions to process instructional considerations and identify follow-up actions. Master teachers observed will be based on principal recommendations, and observations will be based on individual BT needs (ex. a BT struggling with guided math instruction will observe a teacher who is successful in that area).
- Regular BT progress feedback from BT Champion to principal. Feedback notes for each BT will be provided bi-weekly, and a face-to-face meeting will the principal will occur bi-weekly.
- Lesson plan reviews for BTs by BT Champion with corresponding feedback for BT bi-weekly.
- Lesson modeling and demonstrations by BT Champion in BT classrooms where appropriate.

| School | Status/Designation | BT-1 | BT-2 | ВТ-3 | Total |
|--------|----------------------------------|------|------|------|-------|
| VCE | Low Performing | 3 | 3 | 3 | 9 |
| SCE | Low Performing | 4 | 4 | 1 | 9 |
| CMS | Low Performing & Focus School | 1 | 1 | 2 | 4 |
| PES | Did not Meet Growth | 1 | 1 | 1 | 3 |
| PHE | Did not Meet Growth | О | 4 | 1 | 5 |
| HMS | Did not Meet Growth | 2 | 3 | 2 | 7 |
| SAGE | Priority School for Title I | 2 | 2 | 1 | 5 |
| NCE | Focus School for Title I | О | 3 | 2 | 5 |
| Totals | | 13 | 21 | 13 | 47 |

Timeframe: December 1st-April 29th (18 weeks); may need conclude 1 week earlier in April (week of April 18th) and add a group planning week in November.

Projected Cost: TBD

Strategy #4

Description: Mentor support for select principals. Possible mentor/mentee **Timeframe:** January 4^{th} – April 15 (14 weeks) @ 4 hrs per week/principal

Projected Cost: TBD based on selected mentor experience and fees required

CHATHAM

COUNTY SCHOOLS

2015-2016 SCHOOL INSTRUCTIONAL VISITS

THE PURPOSE OF THE ASIS INSTRUCTIONAL VISIT IS TO:

- help make informed decisions about curriculum needs across the district.
- understand what supports teachers might need as we plan professional development.
- look for application of skills being covered in training sessions (fidelity to programs).
- better understand the unique challenges teachers have in schools across our district.
- assist principals in carrying out the walkthrough expectations as outlined in the principal priorities.
- look for implementation trends of the <u>instructional priorities</u> across schools.

STRUCTURE OF THE VISITS:

- In order to conduct more visits this year, the ASIS team will break into small groups of 4-8
- curriculum frameworks in the district. The focus of the visits will be on the ASIS walkthrough items, which highlight the instructional classroom priorities as well as specific
- Each visit will have a "team leader" that will lead the visit and facilitate the debriefing session.
- Principals should share with staff the "purpose" of the visits but may decide if they wish for the visits to be announced or unannounced
- Principals should let the ASIS staff know prior to a visit if there is anything specific he/she would like the team to observe
- the size of the school. Typically 1-2 hours for the walk, and then a full hour debrief session. Principals should plan to participate in the instructional walk debrief session. We estimate this process taking about 2-3 hours depending on
- The debrief session will consist of the following parts: Bright spots, Areas of consideration/Reflection, Support Needed, and SIP check in
- the debrief session has occurred. Principals should not share the written notes with staff as some meaning could be taken out of context A written set of notes will be shared using the following forms and folder for each school. The notes will be shared with the school after feedback notes for his/her school. Notes are for administrative purposes only. Everyone can access the folder but only ASIS staff and the principal of the school can open the
- Other ASIS visits may occur from time to time to support or provide feedback on specific district initiatives. For example: MTSS and learned in professional development. Intervention blocks may be visited to assist with support and implementation, etc. PLC teams may be visited to provide input of implementation. K-8 math teachers may receive a visit to check for fidelity to the items

Beginning Teacher (BT) Coach Training Agenda January 29, 2016

1. Desired Initiative Outcomes:

- a. Improve the instructional effectiveness of BTs
- b. Increase BT retention rate
- c. Promote a positive and optimistic perspective of the teaching profession

2. Term of service (CCS 2015-2016 Calendar):

BT Coaches will provide support the following weeks (total of 14 weeks)-

- a. February 1, 8, 15, 22, 29
- b. March 7, 14, 21
- c. April 4, 11, 18, 25
- d. May 2, 9

3. Technology Considerations*:

- a. Email Account
- b. Google Account
 - Google Sheets (Spreadsheet) Basics
 - ii. Google Docs (Word Processor) Basics
 - iii. Google Drive (Online File Storage) Basics
 - iv. Creating a Google Mail Signature
 - v. Using Google Chrome (Web Browser) Basics
- c. Printing Needs Printers at each school in a variety of locations are already added to your laptops.
- d. Video equipment and assistance Check with the Media Coordinator at your school
- e. Getting Technical Help

4. Service Agreement & Timesheet Procedure

5. Expectations (see Beginning Teacher Coach Activity Log)

- a. Schedule and participate in initial meeting with school principal(s).
- b. Schedule and conduct initial meeting with the BT to establish a relationship and identify areas the BT feels support is needed. Principals will provide BT with a copy of the <u>Beginning Teacher Inventory</u> for BTs to complete and make available to you prior the meeting.
- c. Conduct informal check-in with the BT a minimum of 1X per week.
- d. Conduct a minimum of (3) classroom observations (30-60 minutes) and post-conferences. Use CCS BEGINNING TEACHER OBSERVATION/WALKTHROUGH FORM (all areas).

^{*} NOTE: This information, and more, can be found online in our Savvy User's Guide to Technology.

- f. Make arrangements for a minimum of (1) lesson delivered by the BT to be videotaped. Collaboratively review the lessons with the BT to evaluate instructional considerations and identify specific follow-up actions to be implemented by the BT.
- g. Collaboratively observe with the BT at least (1) teacher who is effective in area(s) targeted for growth by the BT (see Exemplar Teacher List). Following the observations, process with the BT instructional considerations and specific follow-up actions to be implemented by the BT. (Clarify with the principal any specific scheduling protocols he/she wishes for you to follow related to the teachers' absences to conduct the observations.)
- h. Review BT lesson plans and provide face-to-face and/or written feedback bi-weekly.
- i. Conduct demonstration/modeling lessons for the BT as needed.
- j. Provide written and/or face-to-face <u>non-evaluative</u> feedback to the Principal in accordance with the schedule established by the Principal and BT Coach.
- k. Additional miscellaneous activities as needed/appropriate.

6. CCS Curriculum and Instruction Considerations

- a. CCS Instructional Priorities Document
- b. K-5 Literacy Framework K-5 Literacy Delivery Guide
- c. 6-8 Literacy Framework
- d. K-5 Math Framework K-5 Math Delivery Guide
- e. Rigor Levels- Depth of Knowledge and Bloom's Levels
 - i. Rigor Wheels
- f. Teacher Portal Resources
- g. Lesson Planning (each school has a process for this) Planbook.com CCS Board Policy
- h. Walkthrough Tool Form

7. Questions?

8. HR Intake Session- Complete paperwork and obtain id badges as needed.

Time

Q2.1 Please rate how strongly you agree or disagree with the following statements about the use of time in your school.

| a. Class sizes are reasonable such that teachers have the time available to meet the needs of all students. | 60.2% | 56.6% | 61.7% | 46.6% |
|---|-------|-------|-------|-------|
| b. Teachers have time available to collaborate with colleagues. | 73.1% | 66.1% | 73.0% | 67.8% |
| c. Teachers are allowed to focus on educating students with minimal interruptions. | 67.2% | 69.1% | 68.8% | 60.3% |
| d. The non-instructional time provided for teachers in my school is sufficient. | 62.8% | 63.7% | 56.8% | 58.6% |
| e. Efforts are made to minimize the amount of routine paperwork teachers are required to do. | 57.2% | 52.1% | 53.1% | 53.4% |
| f. Teachers have sufficient instructional time to meet the needs of all students. | 66.0% | 58.9% | 61.4% | 28.8% |

g. Teachers are protected from 71.2% 72.4% 75.4% 72.9% duties that interfere with their essential role of educating students.

Facilities and Resources

Q3.1 Please rate how strongly you agree or disagree with the following statements about your school facilities and resources.

| a. Teachers have sufficient access to appropriate instructional materials. | 73.6% | 81.4% | 76.5% | 82.5% |
|--|-------|-------|-------|-------|
| b. Teachers have sufficient access to instructional technology, including computers, printers, software and internet access. | 78.7% | 80.8% | 81.0% | 89.8% |
| c. Teachers have access to reliable communication technology, including phones, faxes and email. | 90.6% | 94.4% | 92.2% | 96.6% |
| d. Teachers have sufficient access to office equipment and supplies such as copy machines, paper, pens, etc. | 81.1% | 83.9% | 81.5% | 89.7% |
| e. Teachers have sufficient access to a broad range of professional support personnel. | 83.3% | 78.5% | 84.6% | 72.9% |
| f. The school environment is clean and well maintained. | 86.0% | 92.3% | 87.1% | 98.2% |
| g. Teachers have adequate space to work productively. | 88.9% | 88.0% | 90.9% | 75.0% |
| h. The physical environment of classrooms in this school supports teaching and learning. | 88.9% | 90.1% | 92.0% | 89.7% |
| i. The reliability and speed of | 76.1% | 87.6% | 80.2% | 96.6% |

Internet connections in this school are sufficient to support instructional practices.

Community Support and Involvement

Q4.1 Please rate how strongly you agree or disagree with the following statements about community support and involvement in your school.

| a. Parents/guardians are influential decision makers in this school. | 72.6% | 74.4% | 74.3% | 53.4% |
|---|-------|-------|-------|-------|
| b. This school maintains clear, two-way communication with the community. | 89.9% | 90.1% | 91.6% | 84.2% |
| c. This school does a good job of encouraging parent/guardian involvement. | 90.0% | 89.2% | 92.4% | 79.3% |
| d. Teachers provide parents/guardians with useful information about student learning. | 96.0% | 93.7% | 97.8% | 96.5% |
| e. Parents/guardians know what is going on in this school. | 86.5% | 87.4% | 90.9% | 86.0% |
| f. Parents/guardians support teachers, contributing to their success with students. | 72.5% | 78.0% | 74.9% | 64.4% |
| g. Community members support teachers, contributing to their success with students. | 82.5% | 83.9% | 86.1% | 75.0% |
| h. The community we serve is supportive of this school. | 84.9% | 88.0% | 87.5% | 84.2% |

Managing Student Conduct

Q5.1 Please rate how strongly you agree or disagree with the following statements about managing student conduct in your school.

| a. Students at this school understand expectations for their conduct. | 85.1% | 89.0% | 90.3% | 86.4% |
|---|-------|-------|-------|-------|
| b. Students at this school follow rules of conduct. | 71.9% | 81.7% | 79.7% | 81.0% |
| c. Policies and procedures about student conduct are clearly understood by the faculty. | 84.2% | 84.3% | 88.7% | 79.7% |
| d. School administrators consistently enforce rules for student conduct. | 72.2% | 72.3% | 78.1% | 59.3% |
| e. School administrators support teachers' efforts to maintain discipline in the classroom. | 81.9% | 84.2% | 84.3% | 66.7% |
| f. Teachers consistently enforce rules for student conduct. | 80.5% | 80.8% | 90.2% | 82.8% |
| g. The faculty work in a school environment that is safe. | 93.2% | 97.5% | 95.5% | 98.3% |

Teacher Leadership

Q6.1 Please rate how strongly you agree or disagree with the following statements about teacher leadership in your school.

| a. Teachers are recognized as educational experts. | 82.0% | 82.3% | 83.1% | 82.8% |
|---|-------|-------|-------|-------|
| b. Teachers are trusted to make sound professional decisions about instruction. | 82.9% | 81.5% | 82.3% | 70.9% |
| c. Teachers are relied upon to make decisions about | 81.0% | 80.2% | 81.6% | 71.9% |

| വവ | ICOt. | いかつ | LISS | LIDO. |

| | d. Teachers are encouraged to participate in school leadership roles. | 92.3% | 90.5% | 93.5% | 89.8% |
|------|---|-------|-------|-------|-------|
| | e. The faculty has an effective process for making group decisions to solve problems. | 77.4% | 72.6% | 80.5% | 50.0% |
| | f. In this school we take steps to solve problems. | 82.9% | 83.3% | 85.2% | 77.6% |
| | g. Teachers are effective leaders in this school. | 87.5% | 88.0% | 89.7% | 86.4% |
| Q6.5 | Teachers have an appropriate level of influence on decision making in this school. | 69.8% | 68.7% | 72.3% | 57.1% |
| Q6.6 | Members of the school improvement team are elected. | 76.1% | 63.0% | 76.7% | 82.6% |

School Leadership

Q7.1 Please rate how strongly you agree or disagree with the following statements about school leadership in your school.

| a. The faculty and staff have a shared vision. | 84.2% | 84.5% | 87.4% | 87.9% |
|--|-------|-------|-------|-------|
| b. There is an atmosphere of trust and mutual respect in this school. | 73.1% | 76.2% | 74.0% | 71.2% |
| c. Teachers feel comfortable raising issues and concerns that are important to them. | 72.1% | 73.4% | 72.0% | 64.9% |
| d. The school leadership consistently supports teachers. | 79.6% | 81.2% | 81.5% | 69.0% |
| e. Teachers are held to high | 93.8% | 93.5% | 95.3% | 94.9% |

| professional standards fo | r |
|---------------------------|---|
| delivering instruction. | |

| f. The school leadership facilitates using data to improve student learning. | 94.0% | 92.5% | 96.2% | 94.9% |
|--|-------|-------|-------|-------|
| g. Teacher performance is assessed objectively. | 86.4% | 86.3% | 88.0% | 83.9% |
| h. Teachers receive feedback that can help them improve teaching. | 85.4% | 82.5% | 87.3% | 87.0% |
| i. The procedures for teacher evaluation are consistent. | 84.0% | 83.1% | 86.3% | 86.8% |
| j. The school improvement team provides effective leadership at this school. | 84.2% | 82.9% | 87.3% | 67.9% |
| k. The faculty are recognized for accomplishments. | 85.0% | 83.9% | 85.5% | 82.8% |

Q7.3 The school leadership makes a sustained effort to address teacher concerns about:

| a. Leadership issues | 81.4% | 81.5% | 83.8% | 78.8% |
|--|-------|-------|-------|-------|
| b. Facilities and resources | 87.0% | 88.2% | 89.4% | 88.9% |
| c. The use of time in my school | 79.6% | 80.2% | 80.6% | 81.8% |
| d. Professional development | 83.4% | 77.3% | 85.7% | 76.4% |
| e. Teacher leadership | 86.4% | 84.8% | 88.5% | 87.3% |
| f. Community support and involvement | 88.5% | 87.8% | 91.1% | 78.2% |
| g. Managing student conduct | 80.0% | 80.7% | 83.1% | 60.7% |
| h. Instructional practices and support | 88.1% | 85.6% | 89.1% | 83.9% |
| i. New teacher support | 83.8% | 82.1% | 85.6% | 83.0% |

Professional Development

Q8.1 Please rate how strongly you agree or disagree with statements about professional development in your school.

| a. Sufficient resources are available for professional development in my school. | 78.3% | 75.2% | 81.7% | 80.4% |
|---|-------|-------|-------|-------|
| b. An appropriate amount of time is provided for professional development. | 77.2% | 70.2% | 79.6% | 74.1% |
| c. Professional development offerings are data driven. | 83.1% | 78.1% | 85.9% | 79.5% |
| d. Professional learning opportunities are aligned with the school's improvement plan. | 90.4% | 86.9% | 92.6% | 88.7% |
| e. Professional development is differentiated to meet the individual needs of teachers. | 66.1% | 58.5% | 67.8% | 43.9% |
| f. Professional development deepens teachers' content knowledge. | 75.6% | 67.5% | 83.5% | 70.9% |
| g. Teachers have sufficient training to fully utilize instructional technology. | 73.3% | 63.7% | 74.2% | 49.1% |
| h. Teachers are encouraged to reflect on their own practice. | 93.1% | 91.4% | 94.1% | 93.1% |
| i. In this school, follow up is provided from professional development. | 73.5% | 63.2% | 76.7% | 61.8% |
| j. Professional development provides ongoing opportunities for teachers to work with colleagues to refine teaching practices. | 79.1% | 73.2% | 81.6% | 76.8% |
| k. Professional development is | 64.5% | 54.2% | 67.6% | 44.2% |

| evaluated and results are communicated to teachers. | | | | |
|--|-------|-------|-------|-------|
| I. Professional development enhances teachers' ability to implement instructional strategies that meet diverse student learning needs. | 83.3% | 76.4% | 86.5% | 70.9% |
| m. Professional development enhances teachers' abilities to improve student learning. | 86.2% | 81.1% | 89.5% | 80.0% |

Instructional Practices and Support

Q9.1 Please rate how strongly you agree or disagree with the following statements about instructional practices and support in your school.

| a. State assessment data are available in time to impact instructional practices. | 51.9% | 40.0% | 55.6% | 37.3% |
|---|-------|-------|-------|-------|
| b. Local assessment data are available in time to impact instructional practices. | 79.4% | 75.0% | 85.4% | 75.0% |
| c. Teachers use assessment data to inform their instruction. | 93.0% | 90.7% | 96.6% | 90.9% |
| d. The curriculum taught in this school is aligned with Common Core Standards. | 97.7% | 97.1% | 98.2% | 93.0% |
| e. Teachers work in professional learning communities to develop and align instructional practices. | 91.2% | 90.1% | 92.9% | 87.5% |
| f. Provided supports (i.e. instructional coaching, professional learning communities, etc.) translate to improvements in instructional practices by teachers. | 86.6% | 84.8% | 88.5% | 90.9% |
| g. Teachers are encouraged to | 92.9% | 92.7% | 92.0% | 92.9% |

try new things to improve instruction.

| h. Teachers are assigned classes that maximize their likelihood of success with students. | 69.2% | 65.4% | 69.6% | 54.7% |
|--|-------|-------|-------|-------|
| i. Teachers have autonomy to make decisions about instructional delivery (i.e. pacing, materials and pedagogy). | 79.9% | 80.4% | 75.2% | 63.0% |
| j. State assessments provide schools with data that can help improve teaching. | 64.5% | 52.0% | 68.8% | 39.6% |
| k. State assessments accurately gauge students' understanding of standards. | 44.5% | 31.9% | 47.0% | 24.5% |

Overall

| Q10.6 | Overall, my school is a good place to work and learn. | 85.1% | 87.3% | 85.9% | 83.1% |
|-------|---|-------|-------|-------|-------|
| Q10.7 | At this school, we utilize the results from the 2012 North Carolina Teacher Working Conditions Survey as a tool for school improvement. | 81.2% | 82.6% | 83.4% | 76.9% |

Chatham County Schools Instructional Framework

INSTRUCTIONAL LEADERSHIP PRIORITIES

"CHAITING A COURSE FOR SUCCESS"

| Leadership Priority What are we asking principals to do? What are the key elements of effective instructional leadership? | Resources to Support What information do we have that can support principals in this priority? | How Will This Priority Be Used? What evidence will be collected? How will the priority be monitored? |
|---|--|---|
| Scheduling: Administration will create a master schedule that maximizes instructional time and minimizes interruptions. A priority should be to keep students in core classroom instruction to the highest degree possible. Students should not be pulled from core instruction for interventions or specialists unless it is specified in an IEP, 504, or the administration has approved. <i>NCEES Principal Standard: 2b</i> | CCS Instructional Time Guides Scheduling Resources | We will have a variety of scheduling discussions throughout the year during level meetings. Discussions will also focus on roster verification and the "claiming" of students. Each school will turn in master instructional schedules by August 20th to Dr. Hartness. |
| Multi Tiered Systems of Support (MTSS) Teams will be in place at each K-8 school. Regular meeting time will be provided for teams. MTSS forms will utilized in K-8 schools. All schools should have an intervention/enrichment time built into the master schedule. Data will be used to determine student assignment to intervention/enrichment groups and services. High Schools should continue to use the SST process until MTSS training has occurred. | CCS MTSS Site CCS MTSS Handbook CCS MTSS Paperwork Intervention Resources CCS Data Playbook | The MTSS IPF will visit each school team during the school year to provide feedback on team progress. MTSS data and EC "hit rates" will be used in principal meeting discussions and data discussions. Intervention/enrichment time will be discussed in principal meetings and level meetings during data discussions and scheduling discussions. |
| NCEES Principal Standard: 2a, 3b | | |
| Lesson plans: Administration will monitor lesson plans on a regular basis. Staff will be given feedback on lesson planning components. Quality Lesson Plans have evidence of standards/content, assessment, differentiation strategies, and use of technology. NCEES Principal Standard: 2a | CCS Board Policy- Lesson Planning Planbook.com (optional resource) Rigorous Curriculum Design InfoRCD Overview Video -RCD Book (admins will get copy) -RCD Training PowerPoint | Administrators can utilize any method you wish to monitor and hold staff accountable. During level meetings throughout the year we will ask for principals to bring lesson plan examples for review and activities. As we continue to develop and implement Rigorous Curriculum Units, lesson-planning discussions will be ongoing. The district will consider supporting the cost of lesson planning programs that schools may be using. You might also consider using Google, which is a free resource. Please contact Dr. Hartness for details. |

| Toodership Driority | Resources to Support | How Will This Priority Be Used? |
|--|--|--|
| | , | |
| Instructional Walkthroughs: Administration will conduct instructional walkthroughs on a weekly basis. Data from walkthroughs will be shared with craft or PI C/grade level/subject area teams. Walkthroughs include questions | Example Walkthrough Tool using Google | During the year, we will conduct ASIS Instructional Walks with administration and instructional coaches. Walkthrough data will be used at level meetings throughout the year for instructional |
| related to rigor, objectives, technology use, and other school instructional | Walkthrough Funny Clip- Just Do It | conversations. Principals will be asked to bring what data they have to guide discussions. |
| analysis and PLC discussions. While walkthroughs can generate coaching | School Walkthrough Tool Examples | |
| unless it is absolutely necessary. Walkthroughs do not replace the formal evaluation requirements. <i>NCEES Principal Standard:2a, 4c</i> | Principal and AP session will be provided with Mike Rutherford (TBD) | |
| Instructional Priorities/Non-Negotiables: Administrators will create and articulate instructional priorities for staff. The district will provide overall priorities and each school can create additional requirements. Having instructional priorities gives staff a clear understanding of what is most important. NCEES Principal Standard: 2a, 6b, 5d | CCS Instructional Priorities 2015-2016 | Administrators will be asked to share instructional expectations during level meetings in the fall. Time will be spent allowing schools to share examples and strategies in small groups. It is important to involve the school leadership team when creating these priorities. |
| Behavior Structures: Each school will create a school-wide set of expected behaviors and a behavior plan. Schools will enter and monitor behavior referrals in PowerSchool and/or SWIS. The MTSS process will be utilized for students who need Tier 2 or 3 supports. The behavior support referral form will be used when supports are needed beyond the school level. NCEES Principal Standard: 5d | CCS Behavior Resources Behavior Roadmap Training Schedule CCS Behavior Referral Forms CCS Code of Conduct SWIS Resources MTSS Handbook | Specific training related to behavior structures will be provided throughout the year for school teams. A new IPF behavior position will assist with helping schools monitor behavior plans and interventions. |
| Data Driven Instruction and School Improvement: Principals will utilize data in faculty meetings, leadership meetings, SIP/SIT meetings, and PLC/Team/Grade level meetings to model data expectations. NCEES Principal Standard: 2a | CCS Data Playbook Resource CCS Data Google Folders Student Data Tracking Resources | Data discussions will occur at level principal meetings on a regular basis. Principals will be asked to bring specific data points and ASIS members will provide templates for analysis and reports that will assist with this expectation. Data will be monitored to measure ongoing SIP efforts. |
| PLC/Collaboration Structures: Administration will provide time in the master schedule (where possible) to provide daily/weekly collaboration for teams. Administrators will attend meetings on a regular basis and/or have structures in place to monitor meeting agendas and minutes. Data will be the guiding force of PLC/Collaboration discussions. NCEES Principal Standard: 4a, 2a | PLC Resources MTSS Handbook All Things PLC Site | PLC/Collaboration structures and tools will be discussed during level meetings and coach meetings. Schools will be asked to share examples of agendas, data tools, resources, etc. that they are using to guide teams. |
| School Improvement Process: Administration will ensure that a school improvement team is in place and will discuss the SIP plan on a regular basis. Data will guide ongoing school improvement efforts. All SIP/SIT minutes will be posted on school websites in a timely manner to meet legal requirements. <i>NCEES Principal Standard: 1c, 1d</i> | CCS SIP Template Site CCS SIP Requirements 2015-2016 SIT and SIP Legal Requirements Guide CCS Board Approved SIP Plans | ASIS level directors will collaborate with principals to review SIP plans prior to board approval. Board approval will be required prior to posting on websites. |

CLASSIOOM INSTRUCTIONAL PRIORITIES

"CHAITING A COURSE FOR SUCCESS"

| What are we asking teachers to do i | Instructional Priority Area What are we asking teachers to do in classrooms? What are the key elements of quality instruction we would like to see in classrooms this year? | Resources to Support What information do we have that can support teachers in this priority? |
|--|--|---|
| Scheduling & Bell-to-Bell Instruction- Each school principal will crinstruction. Teachers will follow the instructional master schedule unlit is expected that students will be engaged in meaningful activities from engagement activities should be minimized to ensure high academic timplement routines and procedures that minimize lost academic time. <i>NCEES Teaching Standard: 2c, 4c</i> | Scheduling & Bell-to-Bell Instruction- Each school principal will create and submit a master schedule for instruction. Teachers will follow the instructional master schedule unless otherwise instructed by the principal. It is expected that students will be engaged in meaningful activities from bell-to-bell. Transitions and low engagement activities should be minimized to ensure high academic time on task. Teachers will establish and implement routines and procedures that minimize lost academic time. Curriculum

Planning and Preparation

- Lesson plans for all instructional areas will be posted in Google Drive each Monday morning by 8 A.M. and will contain the components our school has agreed upon as appropriate.
- All objectives/standards from the Common Core and NC Essential Standards curriculum must be covered by the end of the year based on our CCS' pacing guides. Each quarter, grade-levels will prepare curriculum maps outlining which standards/objectives will be taught each week in reading and math and, which teachers will be responsible for them. These documents will be posted in each grade level's Google Drive PLC folder. Administration will ensure that grade-levels have a planning day at the start of each new quarter to prepare for the following quarter.
- Common core objectives will be posted in classrooms for ELA & Math in kid-friendly 'can do' statements for each lesson.
- As a staff, science and social studies standards must be taught with fidelity (they may be integrated into ELA and math).
- State and District expectations surrounding progress monitoring (PM) in the area of reading must be completed on time (see M-Class Reading 3D Progress Monitoring Guidelines).
- In an effort to meet the needs of our many language learners, we must ensure students are speaking, listening, reading and writing during each lesson, and each lesson will provide students numerous opportunities to have discussions with one another (e.g. Turn and Talk and Think, Pair, Share). The 'kid-talk' should be focused on the content being taught, rigorous, with accountability built in (see also Chatham County Schools' Instructional Framework).
- Lessons must include rigorous activities to meet the unique needs of all students as defined by Webb's depth of knowledge. This includes worksheets.
- Plus time will be utilized each day to provide students opportunities for intervention or enrichment activities in a smaller group setting in the areas of reading or math. ESL, Special Education, AIG, and Reading Specialists will support grade-levels during their plus time to keep groups as small as possible. We will follow a one-month rotation (there is flexibility for grade-levels concerning the number of weeks for switching from math to ELA) for plus time (one month for math and the next month for reading). Teams will determine a standard to be taught in ELA and math for every month period (rotating) to guide plus time instruction. We will do pre- and post-test for those standards.

- Plan for critical/higher order thinking by pre-planning the level of questioning.
- Independent activities and/or centers should have a purpose, include an accountability system, and be rigorous.
- Grade-levels will have a quarterly planning day at the transition between the first and second quarters, second and third quarters, and third and fourth quarters to help support high quality curriculum planning. ESL and EC teachers along with reading specialists will attend as schedules allow (no sub. will be paid for). At the conclusion of each quarterly planning day, grade-levels will complete the administration provided quarterly planning documents (or an alternative document with the same components) and place the documents in the Instructional Resources folder on Google Drive.

Professional Learning Communities

- Professional Learning Communities (PLC) should meet every Tuesday from 3:30 to 4:45. On days when we have a faculty meeting, PLCs will be held during each grade level's specials time.
- Support personnel (ESL, Reading Specialist, EC teacher, AIG...) will participate in grade-level PLCs to which they are assigned. The last Tuesday of each month, ESL teachers, reading specialists, AIG, and EC teachers will plan with their individual areas.
- PLCs will follow the agendas provided by Administration and will operate under agreed upon norms along with a rotation of roles for each month.
- Minutes from PLCs will be posted in Google drive the day following the meeting. Questions for administration will be highlighted in red within the minutes. Minutes will include members present at the meeting.
- Administration is responsible for reading the minutes and responding to grade-level questions by the beginning of the following week.
- Remember, you are a member of a team. If you do not have your assignment or items ready on time, you let the team down. Hold each other accountable and expect the best from one another.

Balanced Literacy

- The balanced literacy model will be followed daily and include:
 - o read-alouds (with explicit 'think-alouds' to model reading strategies)
 - **o** shared reading
 - o guided reading
 - o independent reading
 - word study (Recipe for Reading) will be used in English World classes K-2 for 30 minutes each day)

- writing practice (the balanced literacy model components for writing include: modeled or interactive writing; guided writing; shared writing; and independent writing)
- The entire literacy block should be used for literacy. Science and social studies standards, however, may be integrated into the literacy block.
- Fluency practice should happen in every classroom daily as part of our 2015/16 school focus.
- Vocabulary instruction should occur daily with vocabulary selected from the topic/unit of focus.
- ELA data from mClass (TRC and Dibels measures), ACCESS, and other formative assessments should be used to inform core instruction, plus time, and other intervention times.

Math

- Each week, math instruction should include mini-lessons, small group instruction (guided math), and independent practice (math centers).
- Math practice should spiral weekly (i.e. Cumulative review such as Common Core Daily Review from Envisions, Keeping Skills Sharp, Math Board, five minute review etc.).
- Fluency practice in math should take place daily as part of our 2015/16 school focus..
- Problem solving should be happening in classrooms daily (e.g. word problems which should include real-world connections, critical thinking, and higher-level thinking skills--Rigor).
- Math data from SMI, AIMSweb, and formative assessments should be used to inform core instruction, plus time, and other intervention times.
- Administration is responsible for ensuring teachers have the training needed to utilize data.

Leader in Me

- All students will have a leadership notebook that contains an academic goal in both literacy and math (it should relate to your classes' data and grade-level goal) and a personal goal. Notebooks will be updated weekly during recess time on days when your class has PE 1.
- All certified staff will actively participate on at least one shared leadership team.
- SCE staff and students will follow the behavior plan created by SCE's MTSS Leadership Team (located in the MTSS google drive file) once available. Until then, grade levels are expected to have a behavior plan in place (i.e. Dojo points, clips, etc.)

• The 'Leader in Me' Philosophy will be implemented and practiced in each classroom (e.g. explicitly teaching the 7 Habits) including students tracking progress in their data notebooks on a consistent basis.

CHATHAM

COUNTY SCHOOLS

2015-2016 SUPPORT PLAN MEETING NOTES SILER CITY ELEMENTARY

SUPPORT PLAN SPREADSHEET CCS DATA FOLDER SUPPORT PLAN REQUIREMENTS

Meeting Date: October 26, 2015

MEETING TOPICS:

- Review of SIP areas needing to be added (based on rubric)
- Discussed what the school has done in regards to data review from BOY (and shared district BOY data)
- SCE does not have a walk through form...shared the district one as a template to use as a model
- Added areas of support to Support plan from the district
- Chose walk through dates (November, January and March)

Meeting Date: December 14, 2015

MEETING TOPICS:

- Walk through follow-up (Walk through was November 17, 2015)...many are feeling overwhelmed.
- Review and status of Support Plans
- Discussed she felt the first semester has been going...definitely feels there is a lot of training going on
- Discussed what she sees for second semester...any additional supports needed?
- Next walk through date January 28th..
- Still has one ESL and AIG to fill.
